To Whom it may Concern

I am happy to write this letter of recommendation for Harwell Brothers Construction Inc. I have known Charles and Mark Harwell for about 15 years now and have used them on several of my own projects as well as referring them to friends and family for their projects.

They recently completed a water restoration project on my home during this very trying Covid 19 mess. When most contractors closed up shop and said I would have to wait Charles and Mark responded and worked to give us back our home. The Master Bath had sprung a leak and flooded the upstairs and the Kitchen below. When they were done my wife was very pleased with the work. She said she had her HGTV kitchen and bath.

I don't give recommendations often as the performance of the contractors can make you look really bad if they do not do the job as expected. Charles and Mark have always gone above and beyond to make sure the customer is 100% satisfied with their work. That attitude is reflected in what Charles once told me, "If you don't have time to do it right the first time when will you have time to do it right the second time." Their attention to detail makes for a job that is second to none.

Sincerely yours,

Daniel M Whiteford
